

First Draft

### My Grandmother (First Draft)

Grandmother gives food to poor people.  
She never mad at us.

She always makes people feel good.

One time I picked all the roses in her garden. She not even mad then. She made me feel good. Thanked me for the beautiful bouquet.

Grandmother always forgive.

My grandmother kind and generous.

She never makes them feel bad about taking it.  
Makes people feel good, just as she made me feel good when I picked all the roses. Forgiving heart.
